

Rock Pool Tea Toweling

Pieces TO Treasure
BY JENELLE KENT

Inspired by the natural colours of the Australian coastline,

Rock Pool is a stunning collection of striped toweling in complementary colours and designs.

Ranging from the cool tones of seaglass, deep ocean blue and rock grey to the warmth of sand, anemone red and seafoam white, the stripes provide the base for beautiful bags, pillows and appliquéd table runners. Exciting geometric quilt patterns and pillows can also be created with clever cutting.

New to the Moda toweling range is the first-ever release of 60" extra wide toweling, perfect for quilt backs and borders, tablecloths, duvet covers, footstools and summer cotton throws.

This 100% thick textured cotton is perfect for stitching and appliquéd and can showcase the beauty of the fabric itself, or be used to create stunning, individual projects.
