I love everything about a cottage rose garden – the sights and smells, the beautiful colors, and the weathered cottage in the background. The chipped white paint of the cottage reveals soft grays underneath, a beautiful backdrop for the pinks and reds of the garden mixing with dark green foliage. Beautiful Day was inspired by that image, by those colors.

Imagine stepping into the garden to hear birds happily chirping, and being surrounded by the sweet fragrance of roses. Sit in the garden, or outside the cottage, and enjoy this feast for your senses.

Beautiful Day brings this rose garden into your home with bouquets of pink and red roses in every size. There are prints inspired by plants, a touch of gingham, and a few polka dots. The weathered grays are the perfect finishing touch.

This collection includes a panel that is beautiful on its own as a whole -cloth quilt, or use the blocks in quilts, bags, aprons, pillows and more. No matter how you choose to use this collection, I hope you have a Beautiful Day!
