

Classic French elegance is captured beautifully in this collection of lush botanical designs, some featuring delicate, sinuous line work to coordinate with the engraved architectural print derived from an antique book the Sisters acquired on one of their many flea market jaunts. Damasks and tapestry prints, as well as a lovely range of woven cotton in warm shades of grey stone, aqua, rich red and ivory parchment paper are reminiscent of stepping off the bustling Paris streets into a grand foyer of a historic theatre with dramatic draperies and ornate moldings.
